

My name is Joe Moll. I am a Peer Support Specialist since 2006. I am a member of the Cascade Mental Health Advisory Council. A member of the Central Service Area Authority since 2003 . I am on the Board of the Great Falls Public Radio Association. I am also on the Board of the Great Falls Mental Health of America.

If it wasn't for the money the State spends on Community Mental Health System I would be in an institution today. I am married and both myself and my wife use the Mental Health Services of the Great Falls Mental Health Center. My wife receives a Mental Health Service Plan. I receive Medicaid, and Medicare.

Through the tools I have received through the WRAP and Peer Support Training I am capable of working as a Peer Support Specialist on a part time basis. I am also a WRAP Facilitator and use the lesson I have learn about Recovery to help others in Their Recovery Journey. I live in Rep. Trudy Smith District . Thank you for funding all the Mental Health Programs.
